Message from the President

Did you vote in the last election? If not, why not? As citizens we are responsible for holding our elected officials accountable, and our votes give us the power to do just that.

The 2014 Primary election will decide which individuals will fill local offices for the next term, and because only one party qualified candidates, the Primary will be open to all registered voters in Okaloosa County. Which level of government affects Okaloosa County citizens on a daily basis? Here's a hint: it's **not** the federal government.

WSRE Rally 2014

End of Session Report for 2014

The 2014 legislative session avoided controversial issues and broke the record for fewest number of bills passed. Here's a quick wrap-up.

The good:

- Approved: In-state tuition for undocumented students at Florida colleges and universities.
- Killed: Environmental regulatory bill extending water permits for 50 years.
- Killed: Carrying concealed weapons without a permit during mandatory evacuations.
- Killed: Carrying concealed weapons in schools.
- Approved: \$167M to restore Indian River Lagoon, the Everglades and Lake Okeechobee; \$30M to protect the rest of Florida's springs.

The bad:

- Killed: \$360M for springs protection.
- Killed: On-line voter registration.
- Approved: More tax dollars for private religious schools in direct violation of Florida's Constitution.
- Approved: More state intrusion into

- women's healthcare decisions.
- Revisions to Stand Your Ground only included legalization of warning shots.
- *Florida Forever* received only \$12.5M, exemplifying the need for passage of Amendment #1 in November.

The ugly: The legislature refused \$51 billion in federal money to expand Medicaid, leaving more than 1 million Floridians without affordable healthcare.

League's efforts to make our message heard were effective, thanks to our members' lobbying efforts.

Coming in November: 3 Ballot Amendments

An average of 8 measures appears on each Florida ballot, so 2014 is below average (thank goodness!). Here's what you can expect to see in November.

- **Amendment 1:** The *Florida Water and Land Conservation Initiative* provides funding for the Land Acquisition Trust Fund. This initiative is revenue neutral. Florida's Water & Land Legacy is the leading organization supporting Amendment 1. Opponents include Senator Don Gaetz and the Florida Chamber of Commerce.
- **Amendment 2:** The *Florida Right to Medical Marijuana Initiative* grants the right to use marijuana for the treatment of certain ailments when

recommended by a physician. Implementation costs cannot be determined. People United for Medical Marijuana is leading the campaign to support this measure. Drug Free Florida is leading the opposition.

- **Amendment 3:** The *Florida Prospective Judicial Vacancies* measure was legislatively referred, and allows the governor to fill judicial vacancies by appointing a justice or judge from a slate of nominees even before a sitting judge completes his or her term.

Your League will be briefing about the pros and cons of each proposed amendment well before the election, so stay tuned for details.
